

HANGING SIGNS, BANNERS AND TRUSSES

- Hanging signs, banners or trusses are **not** permitted on single regular or single corner booths.
- For all other booths, the top of any sign, banner or truss may not exceed 18'0" (5.49m) above the floor level.
- Sign, banner or truss width or diameter cannot exceed 50% of the corresponding dimension of the booth.
- Hanging signs and banners must be set back at least 25% of the width dimension from the back of the booth.
- The rear of a sign or banner must be covered or finished in such a manner as not to distract from those booths behind it.
- All signs, banners and trusses *must be approved in writing by the Education Core Committee before March 19th, 2010.*
- The Education Core Committee reserves the right to remove all signs, banners and trusses which are deemed to be object-ionable by the Ontario Dental Association or its designates.

Exceptions to these regulations will not be considered. Any discrepancies from these published guidelines will have to be adjusted accordingly on-site.
